Evanced Solutions Supports EveryLibrary In Promoting Library Engagement

INDIANAPOLIS (March 12, 2014) – EveryLibrary is proud to announce a donation from Evanced Solutions, LLC, a leading provider of software to libraries nationwide. The donation will support EveryLibrary's work building voter support for libraries within communities nationwide.

Evanced Solutions helps libraries manage spaces, reading programs and events with room booking solutions, reading innovation programs and event calendar management.

"Evanced and EveryLibrary share a goal of bringing libraries to the forefront of their communities," said Rob Cullin, president and co-founder of Evanced Solutions. "We are proud to lend our support to EveryLibrary, whose work strengthens libraries and the communities they serve."

EveryLibrary is a nonprofit social welfare organization chartered to work on local library ballot initiatives. Support from Evanced will help to underwrite voter awareness campaigns and local library ballot initiatives.

"EveryLibrary is pleased to count Evanced among the organizations and companies that support our mission," said John Chrastka, Executive Director of EveryLibrary. "They are innovators in the library space, and their support will help ensure the value of libraries to their communities continues to be recognized and funded."

###

About EveryLibrary
EveryLibrary is the only national Political Action Committee dedicated to building capacity at a local level to secure and extend library funding at the ballot box. EveryLibrary's mission is to provide campaign consultancy, technical assistance, and direct funding to locally organized, pro-library ballot committees and PACs. More about our work building voter support for libraries can be found at www.everylibrary.org.

About Evanced Solutions, LLC
Evanced Solutions provides simple, cost-effective tools related to event/program management and registration, meeting room booking, summer reading management and staff scheduling. As part of the Demco family, Evanced Solutions' software is designed and developed with librarians to help streamline processes, save time and increase communications for libraries and their staffs. To learn more about Evanced's room-booking and event calendaring products, visit www.evancedsolutions.com.
